**Your invitation to qualify for membership in the**

Is your firm one of New Mexico's fastest-growing technology companies?

You can find out how you compare by entering the annual **New Mexico Technology Flying Forty** program, which recognizes and ranks the state's high-tech growth leaders. The 2008 listing will be compiled from voluntary responses to the Qualification Form in this brochure. Eligibility will be determined in three different categories:

- Category 1:** The top revenue growth companies with revenues between \$1 million and \$10 million.
- Category 2:** The top revenue growth companies with revenues of more than \$10 million. Categories 1 and 2 will be calculated on the percentage of revenue growth between 2003 and 2007).
- Category 3:** The top revenue-producing technology companies irrespective of revenue growth.

To be eligible for inclusion, your firm must meet the criteria listed on the next page and we must receive your Qualification Form by March 21, 2008.

The revenue figures will be used to rank the companies in a list that will be published in a special section of the *Albuquerque Journal Business Outlook* and top executives of **Flying Forty** companies will be honored at an awards banquet. You can access this form at: [www.techventures.org](http://www.techventures.org)
